Any representative or Executive Board member can recommend, to the General Council, the formation of any Ad-Hoc committee and/or task force for particular tasks or issues as needed, subject to approval by the General Council.

Each committee will have its own set of guidelines. Committees can amend their guidelines, but amendments must be approved by a two-thirds ($\frac{2}{3}$) majority vote of the General Council. Furthermore, no decision made by any committee will be effective until it is approved by the majority vote of the General council. The constitutional language for each of the committees is under Section X: Appendix.

SECTION V: APPROPRIATIONS

Graduate students may request financial support from the Graduate Student Organization. The General Council-determined funding limits should be in line with the anticipated budget for that semester. A graduate student is allotted a \$400.00 maximum limit in funding per semester enrolled (\$500.00 if traveling to a Tier IV city). This limit may be used for travel or split between travel and research.

1. Funding Requests:

- a. All requests shall be properly completed by the student(s) on the appropriate, approved form for that type of request. Requests for assistance shall be made on the GSO's Application for Financial Support form. Each request must be accompanied by an itemized list of expected expenses.
- b. All requests must be accompanied by the following:
 - i. A cover letter from the student to the GSO verifying the request. If the request is for research support, this letter should briefly explain the nature of the student's research project, how it applies toward their graduation requirement, and an itemized list with the expenses involved. If the request involves attending a conference or convention, the letter should verify that event as a valid professional function in the student's field. If the student will be presenting an original work at a conference, the letter should verify this.

- ii. A letter of support from the student's project director, advisor, or department head. This letter should be on University letterhead (not a photocopy), should state why the request for GSO funding is supported, should verify that event as a valid professional engagement in the student's field, and must be physically signed by the author.
- iii. A funding request for participation in a professional engagement with academic duties must also be accompanied by confirmation. Confirmation options include: a letter from the organizers of the professional engagement or a copy of the schedule. Confirmation should include the applicant name as presenter, date, and time along with the academic duty being performed. The funding request will not be released by the President to the proper funding channels until the confirmation is received. The confirmation must be received no later than one week before the third meeting of the semester of travel. Failure to receive confirmation of duties before this deadline will result in the application being voided. Funds coming available as a result will be used to fund applications from the waiting list in a first come, first serve manner based on the order they were received. If you cannot produce confirmation of duties before the aforementioned deadline, please contact the Executive Board; the Executive Board reserves the right to extend this deadline for applicants deemed to have extenuating circumstances.
- c. Funding requests will be referred to individual Department Representative and subsequently submitted to the President by the designated deadline set by the President prior to each meeting. Department representatives may only sign applications for funding when all sections delineated in Section V: 1b i-iii have been completed.
- d. Incomplete applications will only be conditionally approved at the third meeting or the summer meeting, and the applicant will have two weeks to get the missing materials to the President. Any incomplete applications submitted to the first or second meeting will be returned to the student and must be completed and re-submitted to the following meeting to be eligible for funding. If you feel you have

- extenuating circumstances for a conditional approval, you *must* contact the President at least eight (8) days before the meeting: gso@louisiana.edu
2. Funding up to \$400.00 will be considered for the following (\$500.00 for traveling to a Tier IV city).

It is the responsibility of the Department Representative to bring individual cases to the attention of the General Council.
 - c. Expenses incurred during travel that are directly related to the research of the student such as data collection, accessing archives, or other research activity deemed by the Funding Committee as pertaining directly to the completion of thesis or dissertation. It is left to the discretion of the Funding Committee to consider the academic research activities of all graduate departments as they are made known, with an optional appeal to the General Council. It is the responsibility of the Department Representative to bring individual cases to the attention of the General Council.
 - d. Expenses incurred during travel that are directly related to the research by those students in non-thesis degrees. Expenses must be related to a project that is a requirement for graduation. Funding is limited to interlibrary loan costs that have been incurred by the student and for which receipts (in compliance with university policies) for such costs are included with the application. These requests will not be considered until the second meeting of a semester (should the meeting take place in the summer semester; these requests will be heard after research and travel request by individuals with scheduled academic duties).
 - e. Funding requests up to an additional \$100.00 will be considered for reimbursement of expenses incurred in physically producing a thesis, dissertation, graduation project, or general publication fees for Ph.D. students.

This vote can only take place once per semester and must occur during the second General Meeting. Subsequently, the withdrawal approved by the General Council can only take place once a semester, after the second General Meeting.
 - b. The supplemental fund will be divided into the allocation percentages as described in section VI.
